

Global Speed. Zero Friction.

Top 3 most peered network in Singapore, with more than 4,500 peers, a regional carrier with a client-first approach invested in your growth. We connect businesses globally.

Who We Are

Axclusive is an Independent Internet Service Provider and infrastructure solutions provider headquartered in Singapore. Operating under AS132337 and with 4 strategic Points of Presence globally (Singapore, Hong Kong, Marseille, Amsterdam) Axclusive delivers carrier-grade, enterprise-focused connectivity solutions across Asia and Europe.

Axclusive's optimised low-latency routing option available for:
Asia (PoP to PoP) is <30ms for Singapore-Hong Kong
EU (PoP to PoP) is <137ms for Singapore-Marseille

Work With Us

Client First Approach

We prioritise client success with direct dedicated support, and collaborative co-design for every enterprise deployment.

100% Independent SG ISP

Carrier neutral, independent infrastructure ensuring complete routing autonomy and freedom from vendor lock-in.

Bespoke and Agile Solutions

Work directly with the founder engineers, giving you a partner, not a queue number, to build custom network architectures.
